LEE STUDENTS SUCCESSFUL AT STATE FORENSICS COMPETITION

On March 23, 2013, Arianna Jensen-Wachspress, Victoria Nay, and Maria Wykes traveled to Harrisonburg High School for the State Forensics Competition. After three grueling rounds of competition, the serious duo team of Arianna and Maria placed in the top six, which enabled them to continue to the final round where they ultimately placed 2nd in the state of Virginia. Victoria Nay also had a strong showing, placing in the top ten for storytelling. "All three girls did awesome!" said Lee High School Forensics Coach, Brian Shutt. "I'm not sure if Lee High has ever sent anyone this deep into states for Forensics. They should be proud of their hard work and dedication."

Lee Forensic Team members Arianna Jensen-Wachspress, Victoria Nay, and Maria Wykes fared well in State Competition.
