LEE SENIOR ENJOYS “KEYZ FOR SUCCESS”

Staunton, VA – At the beginning of every school year, students are always asking each other, “What did you do last summer?” This year, Robert E. Lee High School senior, Joseph Cornelius, has a great story to tell.

Joseph was the grand prize winner of a new 2013 Nissan Sentra in the “2013 Keyz for Success” campaign, hosted by Staunton Nissan. Students from local area high schools who earned A/B grades on their report cards were eligible to register for the drawing which took place on June 21, 2013 at the Staunton Nissan location. Students submitted their report cards to Staunton Nissan and six report cards were chosen for the Grand Prize Drawing.

Hazel Cornelius, sister to Joseph, says “I was hoping he would win, but it looked like a long shot.” Joseph told organizers he was stoked when he realized he had won the new car. Joseph recalls putting his key into the door switch and turning the key to see if it unlocked the car door. When the key turned, he looked at his sister for a moment and then pulled the car door open. Joseph says all of this has been overwhelming “I didn’t believe I had won at first, it had to sink in,” he said. Joseph went on to say “It’s good to have solid transportation, especially to go off to college and to travel.”

Keep your eye out for the sharp new Nissan Sentra sitting in Robert E. Lee High School’s parking lot. Its owner is inside Lee High School finishing up his senior year and continuing to make those good grades that helped him to win his new car.
