SIXTH GRADE SCIENCE STUDENTS MAKE LAB WORK FUN

Sixth grade science students in Ms. Scott's class at Shelburne Middle School were recently given a challenging assignment in their science lab. Students, working together in groups, were instructed to build towers using uncooked spaghetti and marshmallows. The students were learning about scientific methods, measurement, and teamwork. The groups were all successful, with the tallest tower measuring 65 centimeters.

Uriel Arellano, Mac Kinchelo, Charlene Tanner, and Molly Zinn work on a spaghetti and marshmallow tower in Ms. Scott's 6th grade science class at Shelburne Middle School.

LEE VARSITY VOLLEYBALL TEAM WINS TOURNAMENT

August 25, 2012 - The Robert E. Lee Varsity girls' volleyball team participated in the annual Lions/Knights Volleyball Classic tournament held at Charlottesville High school. The Lee Varsity Volleyball team went undefeated in all games and matches, earning the tournament championship title. Three Lee High players, Reagan Cook, Alicia Gleaves, and Jasmine Johnson, were named to the All-Tournament team. A total of nine teams from Nelson County, Fauquier County, Waynesboro, Louisa County, Dominion, Charlottesville, Culpeper County, and William Monroe participated in the all day tournament. The Lee High Varsity girls' volleyball team is coached by Molly Stinespring and Jan Williams.
