Our online directory

Finding doctors and quality care is a snap

Easy, up-to-date searches

Before deciding on your health coverage, you want to know which doctors and hospitals you can visit.

Our online directory lets you search for them. And find out more about them, too. Use it to:

Save money. Your costs are usually lower when you choose doctors, hospitals, walk-in clinics, labs and other health providers in our network. So we point them out to you.

See the latest. There's lots of helpful information on network doctors and facilities. And it's updated daily.

Get your results. Once you sign up for your member website, our directory "recognizes" your health benefits and insurance plan. That means search results are right for you.

Find what you need

Search using a doctor's name, or by:

- City, state, ZIP
- Specialty
- Hospital affiliation
- Gender
- Whether they're accepting new patients

And say that you have arthritis. Or asthma. You can search for doctors who treat these — and many other — conditions.

Find your doctor at
www.aetna.com.

More info to know

Plus, you get behind-the-scenes details on:

- Aetna plans accepted
- Office locations and directions
- Languages spoken

Facilities for special needs

You can even look up facilities for specialty care. Like transplants, children's heart surgery and orthopedic procedures.

You'll also see that these facilities have met extra credentialing standards. And that's reassuring.
